- Manifest Review & Purchasing Management
- Reverse Logistics
- Consistency
- Leadership
- Empathy
- Communication
- Problem solving
- Attention to detail
- Receptiveness
- Capability

ABOUT ME

As a software engineer pivoting from e-commerce management, I aim to create tech solutions to common issues with an unmatched attention to detail, collaborative communication, and empathy. I learn difficult & new material quickly, and have a passion for bringing tech solutions to marginalized communities.

EXPERIENCE

SOFTWARE ENGINEERING FELLOW | General Assembly | Jun - Sep 2023

Successfully completed 500+ hours of expert-led instruction in software engineering and full-stack fundamentals. Developed projects, including:

- [MixItUp!](#): Built a full-stack MERN app e-commerce shopping experience. Implemented full CRUD capability, shopping cart and order history features, and token-based Auth. Worked with React.js to create a dynamic UI.
- [NatureNotes](#): As part of a team, built a full-stack Django/Python app that allows users to record and customize their camping experience with full CRUD capability and GitHub code collaboration. Personally managed, organized, and assigned project to-dos; created wireframe and ERD; coded MVT architecture files; successfully implemented clean Django Authentication.
- [Vibrant Village](#): Built a full-stack MongoDB, Express.js, and Node.js app that allows users to request and provide free childcare for people they know in their community. Implemented RESTful routing practices, MVC architecture, and OAuth capabilities; customized user views and layout for a seamless UX.

OFFICE MANAGER | Rio Grande Trade | Mar 2015 – Jun 2023

- Built and maintained an online database of the company's training procedures and documentation
- Executed successful inventory and listing management software transitions to facilitate company growth
- Created, implemented, and reviewed processes to increase employee productivity and satisfaction
- Analyzed product purchasing manifests and authorized positive purchasing decisions
- Managed, trained, mentored, and reviewed a team of 10-40 employees
- Increased sales 75%+ year-over-year from 2015 to 2019
